Rising To The Occasion

Holmes Lumber has elevated the visual statement of a staircase to one of grand elegance. Today's discriminating home and business owners know that their choice of balusters is so much more than a point of detail, it is the pivotal decision that completes a carefully-planned interior design.

If ascending your staircase is to be a special occasion, rise to that occasion with **Elegant Rise** or **Structural Rise** balusters from **Holmes Lumber**.

Elegant Rise

Elegant Rise balusters are created in sets of three for each step. Measuring 34", 38" and 42" in height, their lower one-third "base" is proportioned to create a smooth, flowing line in ascent.

Structural Rise

Structural Rise balusters are available in 5 different turning lengths: 31", 34", 36", 39" and 42", and each set has bases of identical height to emphasize individual steps in your staircase statement.

Our modern equipment allows us to craft straight and bending rails up to 24 feet in length. Not only can we build the ideal interior stairway, but also over beautiful, exterior cedar posts for your pergola or porch. The opportunities are endless here at Holmes Stair Parts.

A high-end kitchen featuring cream-colored cabinetry with glass-fronted upper cabinets, a dark wood island with a light-colored countertop, and a large white farmhouse sink. The kitchen is illuminated by recessed ceiling lights and two ornate pendant lights. The backsplash is made of light-colored tiles, and the floor is covered in large, light-colored tiles. A decorative crown molding runs along the top of the walls.
